Source Scale: 1:24,000
Source Media: DIGITAL

Automated By: REGIONAL PLANNING
COMMISSIONS
Coordinate Reference: NH State Plane Feet
Horizontal Datum: 1983
Tile: STATE

Status: COOS COUNTY AND THE ROUTE 16
CORRIDOR ARE COMPLETE

Last Revision: June, 1996
Available From: Complex Systems Research Center, UNH

Associated Coverages: OSPRECPTNH, OSPRECPOLYNH

GENERAL DESCRIPTION

The recreation areas in Coos County were located by the North Country Council, 1992, as part of the Northern Forest Resource Inventory. The sites were mapped on mylar quadrangle overlays, and digitized at Complex Systems Research Center, UNH.

A total of 224 locations of outdoor recreation facilities, including both public and private areas, were mapped and digitized. A number of attributes were associated with each point, including the following: facility name, facility type, owner name, owner address, primary recreational use, etc.

In 1996, an inventory of recreational facilities was completed for the Route 16 Corridor study with funding through the NH Department of Transportation. The format and standards duplicate those used in the Northern Forest Resource Inventory.

In addition to the above, OSP and the state's regional planning agencies have completed an update to the OSP Outdoor Recreation Inventory (see OSPRECPTNH and OSPRECPOLYNH). This inventory includes public access points to the State's waters.
